In addition, the board should annually assess whether or not to hold each individual cross-shareholding, specifically examining whether the purpose is appropriate and whether the benefits and risks from each

holding cover the company's cost of capital. The results of this assessment should be disclosed. Companies should establish and disclose specific standards with respect to the voting rights as to their cross-shareholdings, and vote in accordance with the standards.”

The Company sets and discloses SEKISUI Corporate Governance Principle where basic policy for Cross-Shareholdings of the other listed companies and policy for the exercise of voting rights are shown as follows.

ii. Policy for the exercise of voting rights

The Company exercises voting rights at shareholder meeting of the share-holding companies in accordance with the specific standards with respect to the voting rights established by the Company to reflect perspectives of connecting the medium to long-term enhancement of the Company's corporate value with the corporate value enhancement of the above companies based on strategic position of such holding and dialogue and so forth with them, thereby shall perform its monitoring function as a shareholder.
