20 May 2021

Dear Valued Customers,

Notification of price increase for ESLON products

We are much appreciated to all of you for daily active sales force of our ESLON products.

Since the end of last year, resin manufacturers have announced price revisions for PVC raw materials, which are the main raw materials for ESLON products, against the backdrop of soaring crude oil and naphtha prices and rising distribution and energy costs.

Of course, we keep our production costs reducing as much as possible, however, we, SEKISUI cannot continue to maintain the same price as before.

As a result, we are forced to increase the price of ESLON products to keep supplying high quality in market. The new price will be effective from the contract on July 1, 2021.

Our increased supply prices as followings;

1) Target Products :

ESLON DC Plate (PVC / PMMA / PC)

ESLON Pipe (VP / VPW / VU / HI-PVC / HT-PVC / Plant VP / Plant HT / Clear Pipe)

ESLON Fitting (TS / DV / DV-VU / Union / Flange / SUS Insert / HI-TS / HT-TS)

ESLON Clean Pipe and Fitting

ESLON Gasket (EPDM / PTFE / FKM / FKM-FB / IIR-X)

ESLON Solvent Cement (All varieties)

※1 ESLON Valve is not applicable

2) Price increase rate : 15%

We would appreciate your understanding in these circumstances and look forward to continuing sales of ESLON products.

Sincerely yours,

S. Uehara
